Indian Point Decommissioning Oversight Board and Indian Point Closure Task Force to Hold Joint Public Meeting and Public Forum

ALBANY — The New York State Department of Public Service (Department) announced that the Indian Point Closure Task Force (Task Force) and Indian Point Decommissioning Oversight Board (Oversight Board) will hold a joint meeting, followed by a public forum, on Wednesday, July 27, 2022. Topics of the joint meeting will include: the scope and goals of the Task Force; the scope and goals of the Oversight Board; and presentations regarding key issues related to decommissioning and spent fuel management. The public forum will include a panel of relevant technical experts. Members of the public are welcome to attend and ask questions.

On February 28, 2017, New York State established a Task Force to provide guidance and support to the communities, taxing jurisdictions, and employees affected by the planned closure of Indian Point. The Task Force was charged with developing recommendations to mitigate local tax and workforce impacts, evaluating and identifying new economic opportunities and work force retraining programs and opportunities, advocating for appropriate decommissioning timelines in the best interests of local communities, and ultimately positioning the region for a prosperous and sustainable future.

On December 31, 2020, the Department established an Oversight Board to advise on and assess how to protect the financial, environmental, and physical interests of the communities affected by decommissioning, including the interests of the current workforce as it relates to continuing the public safety of the surrounding communities.

PLEASE TAKE NOTICE that the next joint meeting of the Task Force and the Oversight Board, followed immediately by a public forum, will be held as follows:
